

# La fotografía Española vuelve a cosechar un gran éxito mundial en la 30th FIAP Bienal color 2023

## MEDALLA DE BRONCE

EN LA CATEGORÍA PAPEL

---

El equipo de fotógrafos seleccionados por la Confederación Española de Fotografía ha conseguido una preciada **medalla de bronce a nivel mundial** en la 30th FIAP Bienal Color de Grecia, 2023.

Un éxito de la fotografía española que nos satisface compartir con todos vosotros y que sigue dejando en las primeras posiciones mundiales la creatividad y el talento de las fotógrafas y fotógrafos Españoles.

La serie titulada, *“Volcano, Danger and Beauty”* ha impactado al jurado por su dramática belleza y su plasticidad cromática, todo un espectáculo de color y formas.

---

---

Nos sentimos tremendamente satisfechos con la participación española y estamos muy agradecidos por el trabajo colectivo, la movilización y la ayuda recibida hasta conseguir reunir una serie impactante con coherencia formal y estética donde la acción sinérgica entre las fotografías individuales ha potenciado el resultado final de la serie.

Igualmente, en la categoría digital con la serie titulada "*Universo Gaudí*", hemos conseguido un honroso puesto en la mitad de la clasificación, destacando la gran puntuación obtenida en cuanto a la coherencia de la serie, siendo la tercera serie mejor valorada.

Os dejamos disfrutar de las fotografías y nuestras felicitaciones a los autores por el éxito cosechado y los magníficos logros conseguidos para la fotografía española.
